PRESS RELEASE

Date: 10/30/2023

Location: Dallas School District

Type: Threats to the school

In the past few weeks local schools have been the target of various threats. The Dallas Township Police Department and our Federal partners take each threat seriously until determined otherwise. As of this point all the threats have been unsubstantiated.

The safety of our students, teachers and staff are paramount to the mission of the Dallas Township Police Department. We ask for your patience and understanding during this time as we work with our federal partners.

We further advise all parents to read the included Public Service Announcement from the FBI regarding violent online groups extorting minors.
