Get Ready for Dallas Township's Annual Spring Clean-Up Event

As the warmer weather approaches, Dallas Township is excited to announce its much-anticipated annual Spring Clean-Up event. However, due to budget constraints, this year's event will be shortened to three days.

Mark your calendars for Thursday, May 2 through Saturday, May 4, 2024. Residents can bring items they wish to dispose of to the Dallas Township Road Department, behind the Dallas Township Police Department building, conveniently located at 2919 SR 309 Highway, Dallas, PA. Operating hours for drop-off will be from 8 am until 6 pm on Thursday and Friday, and from 8 am until 4 pm on Saturday. The Township's Road Department will be on hand to assist in emptying vehicles, ensuring a smooth and efficient process for all participants.

Proof of residency will be required at the time of drop-off. Additionally, residents utilizing pick-up trucks and trailers will be charged accordingly, depending on the amount and size of items brought. Fees will apply for bulk items such as carpets, overstuffed chairs, couches, dressers, and mattresses. Fees will be determined once a bid proposal has been awarded.

Certain items will not be accepted for disposal under any circumstances. These items include freezers, refrigerators, television sets, air conditioners, dehumidifiers, hazardous wastes, chemicals, brush, tree stumps, cinder blocks, animal or human waste, shingles, sheetrock, or other building materials, as well as leaves, grass, garbage, or newspapers. Please note that electronic equipment recycling will not be available during this event.

Keep an eye on our social media channels and website for more details as the event approaches.

In preparation for Spring Clean-Up, the Dallas Township Board of Supervisors is currently accepting sealed bid dumpster proposals until noon on Tuesday, April 2, 2024. Interested bidders are encouraged to reach out to Dallas Township directly or visit our website for more information on submitting proposals.

Road Department News

As spring blossoms, our Road Department wasted no time unleashing their new street sweeper to combat the remnants of winter grime. They have been diligently clearing Township roads, trimming trees, and ensuring clearer sightlines for safer travels.

With the parks abuzz with activity from eager visitors enjoying the warmer weather, maintenance work has kicked off at Southside Nature Park and Sago Street Park. It's all hands on deck to ensure our community spaces are ready for everyone to enjoy.

Upcoming Events

Dallas Township Police Department Receives Community Involvement Award

The Dallas Township Police Department has been honored with the Community Involvement Award at the Back Mountain Chamber's Annual Awards Ceremony held on March 5, 2024.

This recognition underscores the dedication of our Chief and officers in serving the community. We extend our gratitude to everyone for their support in our mission to make Dallas Township safe for all.

First Responders Participate in Read Across America Week at Wycallis Primary

Dallas Township Police Officers, alongside local officers and first responders from various surrounding agencies, did not just answer calls—they engaged with narratives. Led by Officer Kotowski, volunteers joined Wycallis Primary Center's Read Across America Week, enchanting first-grade students with captivating books and tales. The event also welcomed esteemed guests from Meadows Manor, enriching the reading celebrations with joy. A heartfelt thank you to all who contributed to this cherished annual occasion!

Repairs planned for Goodman Road and Dorchester Drive

The engineers of Dallas Township are presently focusing on defining the scope of repair projects for both Goodman Road and Dorchester Drive, which were affected by the flooding on September 9, 2023. Having completed the surveys, the Township has obtained approval from the Supervisors to begin advertising bids. Additionally, the Luzerne Conservation District has conducted a stream bank survey to assist in determining the appropriate pipe size for the Goodman Road crossing. There is potential for rebuilding Goodman Road in the future as the Township plans to apply for grant funding through the Dirt, Gravel, and Low Volume Road Maintenance Program.
