Bridging Nature & Neighborhood

The revitalization of Dallas Township Park continues to move forward this summer thanks to the support of multiple grant funding sources and the Township's long-term vision for enhancing community recreation opportunities.

Phase I of the multi-year improvement project featured construction of the popular nature-based playground located in the Southside Avenue section of the park. The playground has quickly become a favorite destination for local families and visitors, offering a unique outdoor experience designed to encourage imaginative play and connection with nature.

Phase II of the project is scheduled to begin this month and will bring several important enhancements to the park, including additional parking areas, new pedestrian bridges across the creek, installation of a state-of-the-art security camera system, and attractive stormwater management features designed to improve both functionality and aesthetics.

Future plans for the park include construction of restroom facilities and a pavilion to further expand the park's amenities and improve accessibility for community events and gatherings.

Dallas Township officials remain committed to investing in high-quality recreational spaces that enhance quality of life for residents while preserving the natural beauty of the park for future generations.

Blooming Lifelines

Pollinator gardens provide important habitat for bees, butterflies, hummingbirds, and other beneficial insects that support healthy ecosystems and food production. By using native flowers and plants, these gardens help improve biodiversity, reduce stormwater runoff, and create beautiful, low-maintenance green spaces for the community to enjoy.

Pollinator gardens also serve as valuable educational features, connecting residents with nature while supporting environmental sustainability one bloom at a time.

From Kitchen to Public Health

ServSafe certification is a nationally recognized training program that promotes safe food handling practices in restaurants, cafeterias, and other food service settings. It covers essential topics such as proper food storage, temperature control, personal hygiene, and preventing cross-contamination. By completing ServSafe certification, food service personnel help reduce the risk of foodborne illness and ensure a safer dining experience for the public.

Upcoming Events

Reminder from the Dallas Township Zoning Officer

Dallas Township Rental License Renewal Notice

Please note that all Rental License Certificates of Occupancy issued by Dallas Township will expire on June 30, 2026.

In alignment with Dallas Township Ordinance No. 2 of 2025, Chapter 62, Section 62-7, concerning licenses for rental units, all property owners must renew their rental licenses to stay compliant with Township regulations.

- **Renewal Fee:** $25.00 per rental unit
- **Payment Deadline:** July 1, 2026

All renewal payments should be made payable to "Dallas Township."

If you have any questions regarding the rental license renewal process, feel free to reach our office at 570-674-2000, extensions 3 or 4.

Thank you for your prompt attention to this important matter.
